

Beating Heart

Ellie Goulding

Em G C C x2

Em G C

Eyes made their peace in difficulties

Em

With wounded lips and salted cheeks

G C D

And finally we step to leave to the departure lounge of disbelief

Em C

And I don't know where I'm going but I know it's gonna be a long time

D Em C

And I'll be leaving in the morning come to the white wine bitter sunlight

Em G C

Wanna hear your beating heart tonight

Em G C

Before the bleeding sun comes alive

D G C

I want to make the best of what is left hold tight

Em G C

And hear my beating heart one last time before daylight

Em G C C

Em G C

And the canyon underneath the trees

Em

Behind the dark sky you look at me

G C

I fell for you like autumn leaves

D

Never faded evergreen

Em C

And I don't know where I'm going but I know it's gonna be a long time

D Em C

Cause I'll be leaving in the morning come to the white wine bitter sunlight

Em G C

Wanna hear your beating heart tonight

Em G C

Before the bleeding sun comes alive

D G C

I want to make the best of what is left hold tight

Em G C

And hear my beating heart one last time before daylight

[Bridge]

D Em C

I can't face this now everything has changed

D

I just wanna be by your side

Em C

Here's hoping we collide

D Em C

Here's hoping we collide

D Em C

Here's hoping we collide

Em G C

Wanna hear your beating heart tonight

Em G C

Before the bleeding sun comes alive

D G C

I want to make the best of what is left hold tight

Em G C

And hear my beating heart one last time before daylight

Em G C

Wanna hear your beating heart tonight
